Explore The Guitar Using Guitar Shred Show!

Mr. Fastfinger

“Guitar Shred Show” is an animated online guitar school that teaches music theory through heavy metal guitar music. This flash-based website uses animated characters and a fun game-like interface to lead the user through a series of adventures that teach music fundamentals with the game’s main character, Mr. Fastfinger.

Guitar Shred Show uses both game controls and traditional print based lessons. Play it for fun, or

PART GUITAR LESSON, PART GAME

Guitar Shred Show contains four major sections for exploration and learning:

The Magic Carpet Tour

Flying with a Magic Carpet, Fastfinger travels through seven locations and learns each mode of the major scale one by one. In the finale of the game, Fastfinger meets the mysterious guru, who sent him on this journey. Again the user has the chance to study and jam with Fastfinger. Each game level has a special landing spot, a mandala, where users can stop and practice in peace.

The Mountain of the Tapping Dwarves

Is based on two modes: the actual in-class lesson and the musical jam. The teacher, Mr. Fastfinger acts like a puppet or a game character, which plays the guitar as you push the keyboard keys, real-time. If you play the guitar, you can take your own instrument and try the licks yourself, by reading the notated guitar tablatures. In addition to learning, you get to see amazing
