INSPIRING LEARNING - QUICK CHECKLIST

How to use this checklist

Using this checklist will provide you with a quick overview of:

- Your current strengths
- Areas that need improvement
- Areas not yet tackled

Use this checklist - with the overview of Inspiring Learning and the key outcomes and processes - as an introductory and interactive session for your team, with other colleagues, partners and stakeholders.

You may wish to go through this on your own first and then talk about the results with other people.

Going through the checklist together, you may highlight areas where people’s perceptions of strengths and areas for improvement differ.

The quick checklist will also help you to identify the areas where you may wish to concentrate your effort for the more detailed assessment.
